## Polivac Tile and Grout Cleaning Spinner Tool (PPRSPIN)

The Polivac spinner tool is a feature rich, tile & grout cleaning tool that provides smooth operation while cleaning hard surfaces. (Recommended to use with Polivac Predator MKIII)

At a lightweight of **ONLY 5.9 kgs**, the Polivac spinner tool reduces operator fatigue. A rugged, durable design insures long life and it works on even and uneven surfaces like concrete, stone, and tile and can be used with a portable extractor or a truckmount extractor.

Time saving features like an inline filter catches dirt before it can clog the spray tips preventing costly downtime. The T-handle design allows side to side as well as front to back operation.

# Polivac Tile and Grout Cleaning Spinner Tool (PPRSPIN)

## Features & Benefits

- 90-degree inlet swivel rotates 360 degrees — always keeping the hose out of the way even when cleaning alongside a wall.
- An inline filter catches dirt before it has a chance to clog tips — works great even with machines that don't have good filtration.
- Easy pull trigger with Safety.
- Recovery hoses in the center of the head for better suction — allowing you to clean along edges without hitting hoses.
- Comfortable and ergonomic hand grips.
- Conveniently located vacuum relief is mounted in the handle so you can easily adjust air flow without bending over.
- Stainless steel handle.
- Highest quality ceramic swivel is repairable.
- The Polivac spinner tool's handle folds to 180 degrees so you can clean under a counter or overhang as low as 6 inches.
- There are no parts or hoses protruding from the sides or the front, so you can clean under overhangs without catching on furniture or fixtures.
- T-style handle allows side- to-side as well as front to back operation.

## Specifications

Model	1200REV
Head Diameter	12"
Repairable Swivel	Yes
Maximum PSI	2500 PSI
Intake Diameter	1.5"
Trigger Safety	Yes
Weight	5.9 kgs
Warranty	1 year on parts & 3 years on poly body
Recommended for	Predator MK3
