

SC4000

Manoeuvrable mid-size ride-on scrubber dryer

NILFISK

Clean confined areas with ease

Agile, flexible, and easy to use

Perfect for cleaning both small and large areas as well as aisles.

With a more compact design, the SC4000 is capable of easy manoeuvrability in narrow spaces and is able to pass through standard-sized doorways. Designed to clean a wide variety of floor surfaces with its highly versatile two deck options and was developed with schools, hospitals, and retail stores in mind.

Mindful Cleaning Efficiency

Innovative technologies and functionalities that ensure high performance

Easy Operation All command functions are integrated into the steering wheel – quick access allows for seamless, on-the-go adjustments. Operator's hands are always in contact with the wheel.

Flexible and Quiet Clean inconspicuously any time due to best-in-class turning radius (166 cm), a compact profile, and low-decibel quiet operation.

ECOFLEX™

Ensure high-quality cleaning every time, regardless of dirt level. At the touch of a button, EcoFlex™ enables optimum cleaning results regardless of soil levels and saves detergent and water.

SMARTFLOW™

Reduce costs, minimise dump and refill cycles and maximise productivity with SmartFlow™, using up to 50% less water and detergent than similar machines.

Clean all areas with ease

Navigate doorways, up and down aisles or in open spaces
without missing a beat

Available in both standard and high-performance models, disc and cylindrical to optimise versatility and maximise productivity.

Technical specifications

Description	Unit	SC4000 710C	SC4000 860D
Reference number		56120003	56120007
Scrub deck type		Cylindrical	Disc
Scrub path	mm	710	860
Productivity rate theoretical (standard/HP)	m ² /h	4970/5713	6020/6920
Dimension (lxwxh)	mm	159x79.2x146	159x92x146
Brush motor power (standard/HP)	W	710/850	710/850
Solution / recovery tank capacity	L	125/125	125/125
Gradability scrubbing	%	9	9
Sound pressure level	dB(A) +/-3	66.0	67.8
Voltage	V	36	36
Brush pressure	kg	42/59/76	52/75/100
Transport speed (fwd. maximum) (standard/HP)	kph	7.0/8.0	7.0/8.0
