

C330 AUTOMATIC CARPET WASHING MACHINE WITH DRYER

C330

ECO
TECHPRO

Cleaning your carpets has never been easier than with the C330 Carpet Extractor. This powerful machine uses high-pressure spraying to quickly and effectively dissolve stubborn dirt and stains. Driven by a high-power motor, the brush rotates at 600rpm, making it easy to open up the fibers of your carpet and clean them thoroughly. Whether you have a small stain or a big mess, the C330 Carpet Extractor will get your carpets looking like new again.
